# An Introduction

**GreenState**  
CREDIT UNION

On behalf of our staff and volunteer Board of Directors, I am pleased to welcome you to GreenState Credit Union (formerly University of Iowa Community Credit Union). Established in 1938, GreenState is a member-owned financial cooperative serving over 200,000 members. We pride ourselves in offering the very best financial products, and we back it up with award winning, personal service.

Giving back is important to us. GreenState is consistently ranked in the top 1% nationally for returning profits to our members with better rates on loans and deposits. Perhaps more important, our staff plays an active role in the community by volunteering thousands of hours of service and support to over 1,000 Iowa charities. ## DID YOU KNOW?

Certain insurance providers offer additional discounts just for being a credit union member.

It makes sense that the leading lender in Iowa also provides exemplary insurance products to help you protect your assets. GreenState Insurance exists for that purpose. As an independent insurance agency with a professional full-service staff, we can review multiple providers to find the right coverage for your home, auto, business, or life. GreenState Insurance draws from the top companies in the industry. We are not obligated to any one company, and provide unbiased advice to meet your needs.

## The Benefit of Independence

As an independent agency, GreenState Insurance can shop around multiple top-rated insurance providers. Our role is to serve as a trusted advisor. We will consult with you to help understand your needs before recommending the best combination of coverage, service, and value for your unique situation.

### Home

For many, your home is your largest asset. That's why you need to protect it. Our professionals can search multiple providers to build a policy to protect you from a wide array of scenarios affecting your home or property. Bundling auto insurance in with home insurance can also lead to cost savings.

Keeping your business successful is a full time job and you don't have time to be an insurance expert. No matter what business you're in, having the right insurance plan is critical. We can help you assess the insurance needs of your business and build a plan designed to protect it.

### Life

Life insurance is offered to cover the financial effects of unexpected or untimely death. It can also be one of many ways you plan for the future. It should be a part of every person's financial portfolio, offering tremendous peace of mind to those you leave behind. An agent can help you review your insurance needs and give you information about our available policies. Learn more about these and other insurance products we offer by visiting [GreenStateCU.org](http://GreenStateCU.org) and clicking on the Insurance tab.

### Long Term Care (LTC)

Most American families need to consider long term care insurance, because sooner or later, many of us will need extended care not covered by regular health insurance or government programs. According to the U.S. Department of Health and Human Services, "At least 70 percent of people over age 65 will require some long term care services at some point in their lives." (National Clearinghouse for LTC Information)

### Short Term Care (STC)

Short term care insurance policies or recovery policies offer benefits for many different types of health care and aging needs. They generally are purchased by older individuals (ages 50 to 89) to cover gaps in Medicare coverage or as an alternative to traditional long term care insurance protection. Just as the name implies, short term care insurance policies are designed to provide benefits for just a few days or for up to 360 days.
